# ABSTRACT GUIDELINES

## *10<sup>th</sup> International Dental Students' Conference*

- Dental students, young dentists and postgraduate students from all over the world are welcome to participate by sending an abstract that addresses a scientific questions, clinical observation or primary scientific data revolving around any dental discipline.
- The abstract must be based on original research or original clinical case studies and must not exceed a maximum of 300 words.
- The abstract must be in English, font size 12 in Times New Roman font and with single-line spacing.
- The first author listed for each abstract serves as the presenting author and as the primary contact for all correspondence regarding the abstract.
- Your (presenter) abstract form must be accompanied by **a passport size photo of you.**
- Abstract content must meet the standard of an academic / scientific presentation. The outline must have an Introduction, Objectives, Materials and Methods, Results and Conclusions.
- The USDSA Scientific Advisory Committee will evaluate the content of each abstract and make the final selection of the abstracts for presentation. Priority will be given to clinical researches.
- Participants should state the category in which they wish to enroll in (oral/poster presentations)
- No revisions can be made after the abstract submission deadline the poster's guidelines.
- All documents must be emailed to [scientific@usdsa.net](mailto:scientific@usdsa.net) by the 30<sup>th</sup> of December, 2021.
- Once you receive an acceptance letter you have up to 5 days to confirm your registration and participation in the conference by registering for the conference at the applicable fees and submitting proof of registration by email.

## **POLICIES FOR ABSTRACT SUBMISSION**

### ***Publication of Abstracts***

Accepted abstracts will be released publicly on the conference and USDSA web portals in the original language of submission.

### ***Resubmission Policy***

An abstract which has been previously published in journals or presented at a national, regional, or international meeting is not allowed unless there are new methods, new findings, substantially updated information or other valid reasons for submitting that can be provided by the author.

### ***Plagiarism***

All abstracts are screened for plagiarism and when identified, the abstract submitted by the same author will be rejected.

### ***Ethical Research Declaration***

The conference supports only research that has been conducted according to the protocol approved by the institutional or local committee on ethics in human investigation.
